

SELECTMEN'S MEETING
Monday, July 23, 2007

On July 23, 2007, the Board of Selectmen held a meeting at 7:00 PM at the Town Office Building in Lakeville. The meeting was called to order by Chair Yeatts at 7:00 PM. Selectmen present were: Selectman Yeatts, Selectman Evirs and Selectman Maksy. Also present were: Rita Garbitt, Town Administrator, Tracie Craig, Executive Assistant and Christine Weston, Recording Secretary.

7:00 PM Earth Removal permit application-Bill Markson-County Street

Bill Markson was present for the discussion. Mr. Markson explained that this was earth that was approved to be removed per the Zoning Board of Appeals, and there were conditions that the Planning Board imposed such as; times of operation, etc. Chair Yeatts added that the memo from the Chair of the Planning Board, dated July 19, 2007, states that once the topsoil is removed the area must be brought back to the required grade. Mr. Markson responded that the site plan has the final grades. He then provided a full sized copy of the site plan. He explained that the septic system, by special variance from the Board of Health, will be raised, however, it will be under grade since the entire area needs to be raised. 19,000 yards of fill will be brought in, and 9,000 yards, or so, will be taken out.

Chair Yeatts reviewed the conditions with Mr. Markson after Selectman Maksy recused himself from the discussion since he also serves on the Zoning Board. Chair Yeatts noted that the first two (2) conditions would remain the same; however, some dates would be changed. Ms. Garbitt stated that all Earth Removal permits expire on March 31st, it is hoped that the project will be completed by that time. Chair Yeatts stated that the third condition provides for the access road to be kept dust free at all times. Mr. Markson stated that according to the contract, the fill that will be sold will be loaded onto the buyers trucks, thus the buyer will be responsible for the clean-up on the roads. Selectman Evirs suggested that a shake mat or stone area be placed on the road into and out of the area so that the loam would be removed from the tires of the trucks prior to entering the public roads. There should also be a wash down area prior to the public roads so that the loam is not brought out to the road to make it wet and slippery. It was noted that the operation will be more than 60 feet from the public road, and there will be a curb cut with stone to help alleviate the dust and dirt from entering the roads. Basically conditions three (3) and four (4) could be combined. A tracking pad will be placed in the path, approximately 80 feet in length to help get the mud off the treads of the tires prior to them entering County Road. Mr. Markson stated that he will take the tracking pad matter up with his engineer for clarification. It was noted that there will still be a responsibility, of the applicant, through the permit, for any spillage to be cleaned up from County Road since the Highway Department will not be called in to do this. Conditions three and four will remain separate.

Since the travel will take place on residential roads, the hours would be from 7:30 AM to 4:30 PM Monday through Friday. There will be no removal taking place on Saturdays, Sundays or any holiday or any trucks idling. It was estimated that there would be approximately 30 trucks a day entering and exiting the site in an eight hour period hauling about 20 yards of material. This may be 450 truck passes in the estimated three (3) week time frame to complete the work.

Selectman Evirs stated that if Chief Sorel feels that this leads to a traffic or safety hazard situation, then the applicant will need to hire a Police Detail. School may be in session during the time frame of the work, and this needs to be taken into consideration.

Chair Yeatts stated that no excavation shall extend below grade as per Earth Removal Conditions dated September 9, 2005. After excavation goes below the grade it shall be brought back up to grade. A bond will be needed. Just County Road will be used for the travel of the trucks. The trucks will either go right or left on County Road but will not use Freetown Street or Highland Road. The permit will allow 9,000 cubic yards of material; if more will be done then the applicant will need to return to the Board of Selectmen to discuss that with them. If there is any soil or groundwater pollution, it must be reported immediately to the Conservation Commission and the DEP (Department of Environmental Protection) since there is an Order of Conditions in place. Mr. Markson should return before the Board of Selectmen on Monday, August 13th, 2007 at 7 PM to further confirm the conditions that are being set. A draft of the conditions will be provided to Mr. Markson at the end of this meeting.

7:30 PM Meet with Eric Averill to discuss triathlon complaints & upcoming triathlon

Eric Averill was present for the discussion. Mr. Averill stated that he owed the Board of Selectmen an apology for the problems that were created due to the road race that took place on July 1, 2007, originating from Freetown. Due to road problems the course of the race had to be changed. The Police Department was notified that morning that there would be a left hand turn so the Police Detail was changed. This left a shortage of Police Details in Lakeville due to the more difficult area needing the detail.

Chair Yeatts asked if any type of meeting is held ahead of time to review the do's and don't with the riders prior to the events? Mr. Averill responded that the riders are aware of the rules, that they should stay to the right of the road at all times, as published by the USAT. Next time a copy of the rules will be provided to the riders and announced prior to the race. With respect to litter, the course is swept immediately after the race. The marks on the roads are made with chalk and over time will go away. The riders are egocentric and difficult to control during the heat of the race. The biggest error though this time was not having an adequate amount of Police Details. The riders do not stop if there is no Police Detail and this was the problem during the July 1st race. Selectman Evirs asked what speeds the riders are supposed to maintain. Chief Sorel explained that under Chapter 85, section 85b, Rules and Regulations for motorcycles and cyclists, bicycles do not fall under the category of motor vehicles, thus there is nothing about the speed/s of bicycles. In section 11b it does state that they are to go single file upon upcoming motor vehicles. They can only be side by side during the act of passing another rider. Mr. Averill stated that the riders do not understand that they are guests in the communities that they ride through. He showed the Police Chief and the Chair a copy of the letter that he will be providing to the riders during upcoming cycling events.

Joseph Chamberlain stated that he had found out that a different bicycle group, the Wheelmen, who have a permanent course, had obtained permission from District 5 to paint marks on the road for their course. However, with respect to this recent race, it is astonishing that no one was killed or injured due to the speeds of the cyclists around curves, especially at the

bottom of Highland Road. No one seemed to be protecting the riders in some areas and the riders were flying through the stop signs. This cannot be safe for the riders. It was thought that only during a funeral could stop signs be ignored. There have never been problems with bike events until this particular race. Chair Yeatts asked who the Safety Officer was for the cyclists. Chief Sorel responded that the Department did not have enough personnel to include a Safety Officer. Chair Yeatts stated that if there is not enough Police Detail in place to cover the race, then the race has to be closed. Mr. Averill stated that he had taken a Lakeville Police Detail to cover a Freetown turn, where the change of the race course was necessary to be done due to road conditions in Freetown.

Bill Elliot spoke on the letter that he had sent to the Board of Selectmen regarding his concerns of the bicycle race through the town. With so many cyclists, if there is a deviation from the right to the left or vice-versa, there should be a detail officer deployed in that area, and the group will need to make sure this is provided and incur the expense. There are laws that even cyclists have to abide by. Chief Sorel stated that in Chapter 85, section 11b, there is a \$20 fine for any violation incurred. However, speeding is not part of this. This group is also the most aggressive of the groups that races through the Town. Mr. Averill responded that it is his goal to make sure there is Police Detail wherever needed. The cyclists are also released in waves since this was a triathlon which included swimming, biking and running.

Chair Yeatts stated that she personally felt that there was a difference with this particular race, there is no direct benefit to the Town. The other race has a direct benefit to the Town. The Board will have to be more careful in viewing requests the next time they are presented. Mr. Chamberlain asked about the pace car, the Mazda Miata, which went right through a stop sign at about 30 M.P.H.? Mr. Averill responded that the pace car is out there to help keep it safe for the riders, so that people would know that bikes are coming. This particular race through had a loop in which the riders went around twice, so there were even more bikes around.

Ms. Craig mentioned that if Mr. Averill was able to submit his request a little sooner for the Board of Selectmen and the Police Chief to review, it may help all involved, having more time to review the requests, especially due to the fact that the Board does not meet on a weekly basis. Mr. Averill stated that he will try and submit the request sooner than he has been. Also, there are charities and organizations that benefit from the event. However, most of the money is spent on the production of the race; the money given to charities is peripheral.

Mr. Averill then distributed the information for the upcoming event which will be held in August. He explained that the route has not been submitted in the past and takes place all around Lakeville. It has been provided to Chief Sorel, and it would be beneficial if he offered his thoughts and approval on the route. Chair Yeatts stated that she would like to review it and possibly issue some conditions as well. Selectman Maksy noted that the Chief has not signed off on the route as of yet. Chair Yeatts asked if the Chief was comfortable in the number of Police Details for the route. Chief Sorel noted that there were six (6) Police Details for the race. Selectman Maksy stated that he was willing to approve it based on Chief Sorel's approval and any additional requests he wanted to put in place. However, the issue is, if the route needs to be changed, Mr. Averill can only get a change of the route from the Police Chief, not the dispatcher

or anyone else. Mr. Elliot expressed concern of making sure that the bicycles maintain some sort of order.

A motion was made by Selectman Evirs; seconded by Selectman Maksy and it was:

VOTED: To approve the 6th Annual Cranberry Country Triathlon at the Ted Williams Camp on August 26th provided that the approved route meets with the Police Chief's approval, with the Police Details noted on the route in pink. The Fire Chief must sign off on the request. If there is to be any change in the route that the Police Chief is to be notified and approval of a change in the route can only come from the Police Chief, not the dispatcher or anyone else.
Unanimous in favor.

Selectman Evirs stated that if problems with races continue, regardless of charitable donations, there will not be anymore races approved.

Vote to sign Bond Anticipation Note Renewal

Ms. Garbitt reviewed the Bond Anticipation Note (BAN) renewal with those present. The one year BAN, in the amount of \$1,170,000.00 matures on July 27, 2007. After principal pay-downs of \$287,675.00 are applied, the balance is \$882,325.00. The Town is borrowing an additional \$356,000.00 so the new BAN now totals \$1,228,325.00. The breakdown for the various purposes are as follows: Assawompset School Roof Replacement, new ambulance, design for new Police Station, Fire pumper and tanker, street sweeper, Police mobile terminals, Police cruisers, School mini-bus, School technology/alarms, Highway dump truck, Historic Library improvements, two (2) Special Needs vans, Clear Pond septic repair, Highway pick up truck, Town Office cupola repair, etc. Webster Bank was awarded the bid at 3.90%.

A motion was made by Selectman Evirs; seconded by Selectman Maksy and it was:

VOTED: To approve and sign the Bond Anticipation Note (BAN) in the amount of \$1,228,325.00 for various purposes to be issued on July 27, 2007 and due July 25, 2008 payable to Webster Bank with an interest rate of 3.90%.
Unanimous in favor.

Review and vote to approve bids-Highway Materials

Chair Yeatts noted that the Board needed to approve the bids received for the Highway Department materials.

Upon a motion made by Selectman Evirs; seconded by Selectman Maksy it was:

VOTED: To award the contract to low bidder A. D. Makepeace for Sand, \$6.50 At Plant, \$10.25 Delivered.
Unanimous in favor.

Upon a motion made by Selectman Evirs; seconded by Selectman Maksy it was:

VOTED: To award the contract to low bidder American Rock Salt for Salt \$51.73
Delivered.
Unanimous in favor.

Upon a motion made by Selectman Evirs; seconded by Selectman Maksy it was:

VOTED: To award the contract to low bidder P.J. Keating for Bituminous Concrete, At
Plant \$47.00 In Place at Street \$53.36.
Unanimous in favor.

Minor discussion took place of looking for a more feasible and economical way to obtain the salt. The state bid list may be able to provide a lower figure as it does on the fuels, and to consider the contract expiration dates. The storage capacity for the salt also needs to be taken into consideration.

Upon a motion made by Selectman Evirs; seconded by Selectman Maksy it was:

VOTED: To award the contract to low bidder Vigeant Equipment Company for Catch
Basin Cleaning, Per Basin \$7.83, Per Hour \$68.73.
Unanimous in favor.

Chair Yeatts noted that as the Town accepts more and more roads, there are more and more catch basins to clean.

Upon a motion made by Selectman Evirs; seconded by Selectman Maksy it was:

VOTED: To award the contract to low bidder Hi-Way Safety Systems for Road Line
Painting at \$.0279 per linear foot.
Unanimous in favor.

Request for one day liquor license-Park Commission

Upon a motion made by Selectman Evirs; seconded by Selectman Maksy it was:

VOTED: To approve a one day liquor license for the Park Commission for the
Ameriprise Financial Company outing at Ted Williams Camp on Sunday,
September 16, 2007 from 2 PM to 5:30 PM.
Unanimous in favor.

Request for trailer permit renewal-Gerald White-35 Taunton Street

Chair Yeatts noted that a storage trailer permit renewal had been received from Gerald White for the property at 35 Taunton Street.

Upon a motion made by Selectman Evirs; seconded by Selectman Maksy it was:

VOTED: To approve the trailer permit renewal to Gerald White of 35 Taunton Street expiring on May 22, 2008.
Unanimous in favor.

Request for temporary trailer permit 3 Betty's Neck Road

Chair Yeatts read the request for a temporary trailer permit for 3 Betty's Neck Road. It was not noted on the application where the trailer would be located on the property.

Upon a motion made by Selectman Evirs; seconded by Selectman Maksy it was:

VOTED: To approve the temporary trailer permit based on approval by the Building Commissioner regarding placement of the trailer and on the condition that it is not located inside the minimum setbacks. Also a demolition permit must be filed for within 30 days and a building permit within 60 days.
Unanimous in favor.

Rescind and reappoint firefighter/paramedic appointments

Chair Yeatts noted that the Board had previously appointed Michael DesRoches and Jeffrey Brum as Paramedic/Firefighters. However, there was an error in these appointments, so the Board needs to rescind the original appointments and reappoint.

Upon a motion made by Selectman Evirs; seconded by Selectman Maksy it was:

VOTED: To rescind the full-time appointments of Michael DesRoches and Jeffrey Brum as Paramedics/Firefighters.
Unanimous in favor.

Upon a motion made by Selectman Evirs; seconded by Selectman Maksy it was:

VOTED: To appoint Jeffrey Brum as a full-time Paramedic/Firefighter for a one (1) year probationary term. Appointment is subject to the successful completion of a Department approved physical examination, a PAT test, and successfully completing the Massachusetts Firefighting Academy Program with a term to expire January 22, 2008.
Unanimous in favor.

Upon a motion made by Selectman Evirs; seconded by Selectman Maksy it was:

VOTED: To appoint Michael W. DesRoches as a full-time Paramedic/Firefighter for a one (1) year probationary term. The appointment is contingent upon the successful completion of a Department approved physical examination, a PAT test, and

successfully completing the Massachusetts Firefighting Academy Program with a term to expire February 5, 2008.
Unanimous in favor.

VOTED: To make the following appointments with a term to expire July 31, 2008;

Alternate Building Inspector: Paul R. Bourgeois and Robert Whalen, Jr.
Unanimous in favor

Selectman Maksy recused himself from the appointments for the Zoning Board of Appeals. Discussion took place regarding the fact that Selectman Maksy also serves on the Zoning Board of Appeals (ZBA) as well as being a Selectman. Selectman Maksy stated that he would resign as full member of the ZBA, however, he would like to stay on as an Associate Member since Don Foster would like him to bring the newer members up to speed on what is required and then he would also step down as an associate member. Selectman Evirs stated that it was his opinion that Selectman Maksy should not be serving on the ZBA and the Board of Selectmen. Chair Yeatts stated that it was her opinion that Selectman Maksy needs to stay on the ZBA since he is needed there as well. Selectman Maksy has already received an opinion from the State Ethics Commission that he does not have to step down. He is actually helping the Town by staying on the ZBA since there are projects taking place since he joined that Board. It was also noted that the next Associate Member in line to be moved up to full Member is Joe Beneski, who is also the Assistant Health Inspector. Ms. Garbitt stated that Mr. Beneski needs to fill out form 20c and to receive approval in writing from the State Ethics Commission before he can be appointed as a full Member of the ZBA since it seems that someone who is in an appointed or elected position that takes a paying job needs/or should to go through the process of Special Municipal employee and bring it to the Town Clerk to keep on file.

Upon a motion made by Selectman Evirs with Chair Yeatts stepping down to second and stepping back up to vote, it was:

VOTED: To appoint the following people to the Zoning Board of Appeals with terms to expire as noted:

John Veary, Jr.	Member	July 31, 2010

Selectman Maksy stated that he was interested in serving on the Water Study Board. Chair Yeatts stated that she would like to have Selectman Maksy on the Board since they are in need of more members. Selectman Maksy is invited to attend the next meeting and meet the members of the Board.

Request to be appointed to Zoning Board of Appeals-Stephen Olivier

Chair Yeatts stated that the appointments for the Zoning Board of Appeals were included in the above discussions.

Invitation to attend grand opening of Great Ponds Art Gallery-Lakeville Public Library

Chair Yeatts read the invitation to the Grand Opening of Great Ponds Art Gallery into the record. It will take place at the Lakeville Public Library on Thursday, August 2, 2007 at 6 PM. Selectman Maksy and Selectman Evirs expressed interest in attending. Ms. Garbitt said she would post the meeting, however, it is not necessary unless Board of Selectman matters need to be addressed.

Other Items

1. Copy of letter sent to Old Colony Elderly Services from Marilyn Mansfield
Chair Yeatts stated that discussion took place regarding an alternate for the Old Colony Elderly Services; however Mrs. Mansfield has expressed the fact that there is not a need for one.
2. Letter from Roan Barber regarding Douglas Cemetery
Chair Yeatts expressed the fact that she felt bad that Mr. Roan Barber had written a letter regarding the Douglas Cemetery and the fact that it has always been his intent to preserve it, cleaning it up and maintaining it. The letter must not have been passed along to the Cemetery Commission. He will do this at his own personal expense and should be commended for that.
3. Letter from Bob & Lisa Jerrier regarding 4 Crooked Lane
4. Letter from Bristol Plymouth Regional School District regarding Town of Freetown
Chair Yeatts asked about Freetown being a potential member of the Bristol Plymouth Regional School District. Ms. Garbitt responded that the Town of Freetown did not “buy in” so their tuition is a little higher than Lakeville’s.
5. Letter from CEA regarding 79 Main Street
6. Middleborough Gas & Electric agenda-July 17th.
7. Letter from DEP-Waterways Application-Carolyn McGrath
Chair Yeatts asked why the letter was received since the dock that was being referenced is located in East Freetown. Ms. Craig stated that she believed the dock was in Long Pond in Lakeville. Ms. Garbitt mentioned that possibly the mailing address is in East Freetown and the dock is in Lakeville.
8. letter from VFW Old Colony Post 1788 regarding essay contest
9. Letter from Mass Historical regarding Kensington Court at Lakeville Station
10. SRPEDD Meeting Notice-July 25, 2007
11. MMA Action Bulletin regarding minimum manning bill for firefighters
12. Letter from Bridgewater State college regarding Taunton River Integrated Watershed Management Plan
13. Notice from Executive Office of Public Safety regarding NIMS Support Tool
14. Notice from OCES regarding Family Caregiver Support Program
15. Notice of Reorganization Plan-Department of Telecommunications and Cable
16. Pilgrim Conservation & Development Council 5 Year Area Plan Questionnaire.

Upon a motion made by Selectman Evirs; seconded by Selectman Maksy it was:

VOTED: To adjourn the meeting at 9:05 PM.
